

# GLOW

## SWITCHES A1

# A1 SERIES GLASS DATASHEET

2021-2022

Safe & flexible

**Multi-standard Socket Module with Switch**

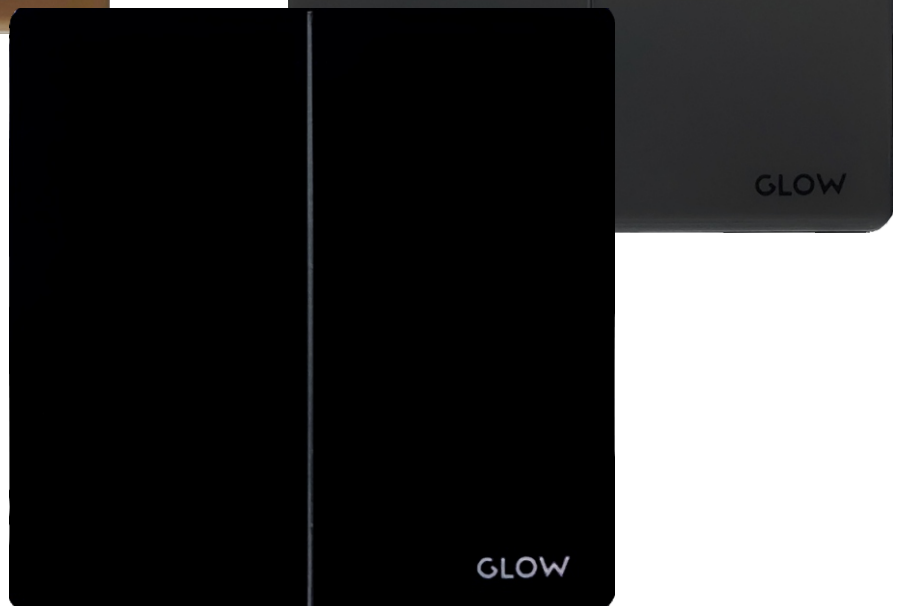

A1 Switches Sleek Design presents a full series of functions that complement your every installation requirement.

## IDEAL CHOICE

**WITH A1 GLOW,  
SWITCHES PERFORM  
EXACTLY THE WAY  
YOU EXPECT THEM TO.**

Besides performance,  
Glow™ now offers a little  
extra in terms of finishes:  
4 full colour options  
(White, Dark Grey, Black, Gold)

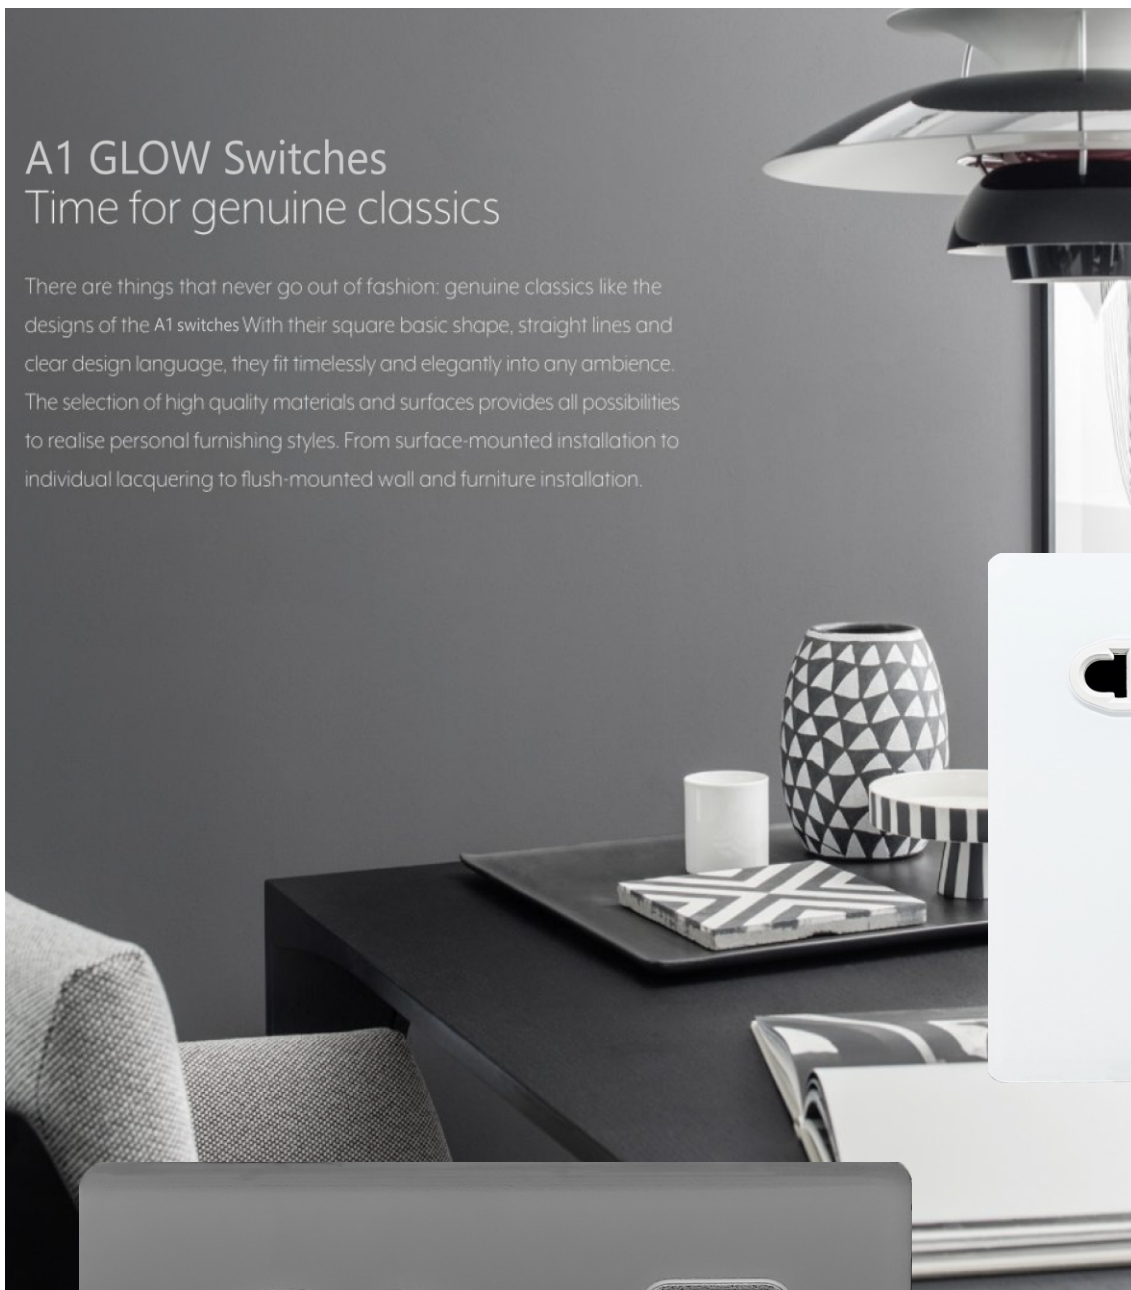

A1 Switches is a thoughtful range that goes beyond attending to your basic needs.

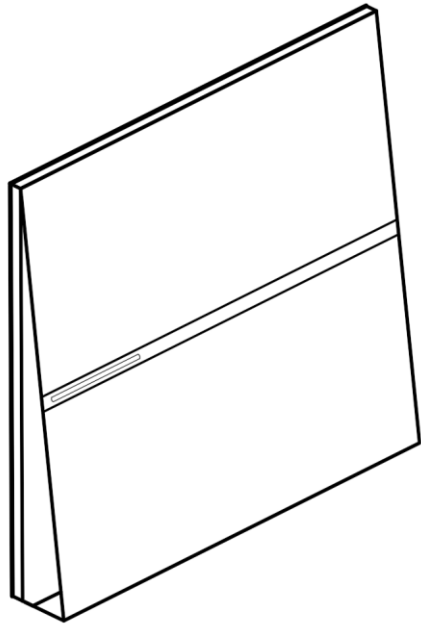

### A1 GLOW Switches Time for genuine classics

There are things that never go out of fashion: genuine classics like the designs of the A1 switches. With their square basic shape, straight lines and clear design language, they fit timelessly and elegantly into any ambience. The selection of high quality materials and surfaces provides all possibilities to realise personal furnishing styles. From surface-mounted installation to individual lacquering to flush-mounted wall and furniture installation.

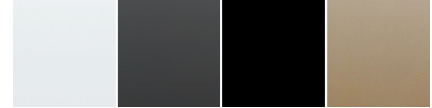

**ONE  
FOR ALL**
